## NENA – Network Enterprise Alps

Enhancing sustainable development, competitiveness and innovation through SME and cluster co-operation.

### 1 Executive Project Summary

**NENA** has been created within the European Interreg IIIB framework with the intention to create an Alpine-wide network of SMEs. Therefore it promotes the exchange of know-how, initiates co-operations and offers training. Already existing co-operation potentials are improved by mobilizing synergies within and between different economic sectors. An emphasis lies on renewable resources – carried out in cluster projects – and innovation & technology issues. Central idea of all projects is the advancement of sustainable development, taking social, economic and ecological aspects into account.

### 2 Facts

<b>Period</b>	start: March 2006
<b>Budget</b>	€ 2.480.000
<b>Financial Programme</b>	Interreg III B
<b>Output</b>	Network organisation of SME'S in the alpine space; development of several initiatives.
<b>Website</b>	<a href="http://www.nena-network.net">www.nena-network.net</a>
